Deaths.
 The Cosmopolitan Hotel has opened a new register. The hotel arrivals were unavoidably crowded out this morning.

Filtered ice water free to everyone, at Gardner & Co., 30 Main street. It is suggestive that the Herald underlay its Democratic report.

Ice cream and water ices with cake 15 cents, at Gardner & Co., 30 Main street. A house of six or seven rooms is wanted. Inquire, for a good tenant, at Times office.

"The Examiner" wound up the exciting events of yesterday's election with a hand-organ. The latest news from Ohio has had the effect of warming the local atmosphere. Suggestive.

A number of Ohio men are registering preparatory to casting a solid vote on the right side in the coming California election.

The American Colony Company have chartered a special train to take people to the auction sale of lots at Wilmore City next Thursday.

Those who like fresh choice butter can find it at Burch & Borch's, cash grocers, opposite the postoffice. They get it fresh every day from the creamery.

A force of twenty men are now at work preparing the road-bed and laying the street car track to Wilmore City from the railroad this side of Wilmington.

Bullwell Point, where a Chinaman was recently shot to death, is three or four miles from Santa Ana, and not in the region of Anaheim, which is further off.

The Automatic City will not remain but a few days longer. Go to 134 Main street and enjoy a pleasant half hour in the enjoyment of its wonderful mechanism.

The streets of Chinatown are as dirty and filthy, one may imagine, as the back street of Pekin itself; point about that locality will satisfy any one of the truth of this.

From three grapevines growing in a Washington street vineyard the enormous amount of three hundred and thirty pounds of grapes were picked, and the vines were not stripped at that.

Dr. H. A. Miller, recently from Canada, has purchased a lot on Bunker Hill avenue, between Second and Third, adjoining W. H. Toler's property, and will build a residence there shortly to cost from \$2500 to \$3000.

Brick work on the Alhambra block will commence next Monday. The building will be two stories in height, with high basement. It will have two stores on the ground floor, and offices above, and will be a credit to that corner.

Secure your excursion ticket now to attend the auction sale of lots at Wilmore City next Thursday, Oct. 19th, at the Colony office, room 2, Mohr block, 38 and 40 Spring street, or at Luzzani's bookstore. Round trip ticket, sixty cents.

There is a new bakery fitting up in this city in a grand style and it is understood the well known baker, Mr. Louis Ebinger is to be manager of this business. So we will have good and healthy bread again. Mr. Ebinger knows how to make it.

The Pennsylvania's used at Justice Fisher's office to-night. Secretary Thos. Sumnerland has hunted up and sent 250 invitations to the scattered friends now habiting in Los Angeles county. It is met that Penn's discovery by the North American Indians should be properly appreciated.

A gentleman who got up very early in the morning to see the comet, etc., was moved to sentimental thought while gazing upon the erratic visitor by the murmur of the sea waves in the dim distance, plainly to be heard in the Aurora's stillness. He made up some verses, he says, commemorative of such poetic coincidences, which, fortunately for the public, was used by his wife to kindle the breakfast fire.

From lurid reports concerning the newspaper unpleasantness in San Bernardino county it is inferred that belated is imminent. The Index seems to be standing off the whole crowd. Since Sumner has vacillated, the San Bernardino Times—spitted his friend, as it were—Bro. Wilson is able to hold his own with the balance of the press with a handsome margin. He holds the edge, as he is called a first.

Mr. J. J. Rose informed a Times reporter yesterday that the new building now being erected by him, opposite the Baker block will be 60 feet front by 100 deep, with good basement, three stories high, imitation stone front, and will cost \$30,000. In reply to the inquiry how his vineyard will produce this year Mr. Rose said the crop will be at least double that of last year. He commenced crushing grapes three weeks ago at his Sunny Slope winery, and commenced operations last Tuesday in the Boyle Heights distillery. He estimates that his grapes will realize this year \$50,000 a crop of 100,000 and 100,000 gallons of brandy. Mr. Rose is well satisfied with the favorable outlook.

Cheap Groceries.
 On Wednesday the delivery wagon of La Esperanza store, which its contents were indiscriminately spilled on Spring street, opposite Nauden's new block. It is said, on the quiet, that "the boys" played a trick on Charlie Dryer, who was driving by removing one of the wagon wheels with the result aforesaid. Groceries took a decided tumble for a minute, but fortunately no serious results occurred.

The child will be buried to-day at two o'clock with Presbyterian services. He will be the first child in California buried under the auspices of the Presbyterian church.

Colonel Gibson spoke shortly on the railroad question, and Judge Williams on the Sunday Law question. The speakers' stand was decorated with flags and bunting in a manner that reminded one of our late Fourth of July.
